What is a Community Foundation?

- A tax-deductible, non-profit, publicly supported, philanthropic vehicle with the long-term goal of building permanent, named funds for the broad-based charitable benefit of the residents in our community.
- Provides a variety of services to donors who wish to establish endowed funds without incurring the administrative and legal costs of starting independent foundations.
- Is controlled and governed by a board of directors who broadly represent the population of our area. All decisions are based on local needs or interest.
- A community savings account where charitable gifts will last forever. This foundation provides a way for even the smallest financial donor to make a lasting difference in the community that they love, while allowing like-minded investors to pool their resources.
